

Metal FOG

HIGH-TECH

MINIMUM QUANTITY LUBRICATION

- ✓ Gentle for the user
- ✓ Increased processing quality
- ✓ Higher productivity
- ✓ Longer tool life
- ✓ Environmentally friendly

Taltec

METAL FOG – A SAFE AND ENVIRONMENTALLY FRIENDLY CHOICE

Metal Fog is a high-tech minimum quantity lubrication that makes your work easy. The lubrication is sprayed out using compressed air, which means that the fluid is laid over as a film on the cutting edge. The fluid has a cleansing effect and works excellent for stainless steel, carbon steel,

cast iron and aluminum. When the job is done, rinse off the fluid easily with water. Metal Fog is safe for both the environment and the user, which shows in the fact that the product is free of warning labels. Metal Fog also increases the processing quality and extends the life of your tools.

PROPERTIES

- ✓ Low friction
- ✓ Good resistance to mechanical impact
- ✓ Protects against corrosion
- ✓ Gentle smell
- ✓ Transparent
- ✓ No flammable substances
- ✓ Free from irritants
- ✓ Easy to wash off with water
- ✓ Environmentally friendly

TECHNICAL DATA

Color	Clear fluid
Density 20°C g/cm ³	1.167

PACKAGING

Metal FOG is delivered in the following packaging:

Item no.	TA-CF0005 (5 liters)
Item no.	TA-CF0010 (10 liters)
Item no.	TA-CF0200 (200 liters)
